PROFESSIONAL EXPERIENCE

Purplezone Pvt. Ltd   Web developer   **Nov 2023-Present**

-Developed an internal task management portal using RESTful APIs, streamlining processes with features such as task creation, project-based recurring tasks, and automated notifications.
- Created a campaign website for the client featuring a variety of engaging JavaScript-based games, using PHP to manage and track user scores effectively.
- Enhanced client WordPress projects by integrating plugins like Elementor and WP Migration, improving overall functionality and user experience.

Jabnex Solutions   **July 2023-Sep-2023**

Web development Intern

- Designed dynamic web pages using WordPress, customizing built-in themes with HTML, CSS, and JavaScript for visually appealing layouts.
- Developed engaging content tailored to the target audience.
- Implemented strategic SEO keywords to optimize search visibility and enhance overall website performance.

PERSONAL PROJECTS

Cartify- Developed a real-time chat application using React and WebSocket for seamless and interactive communication. Integrated features like instant messaging, message editing, deletion, and typing indicators to enhance user experience. Designed a responsive and dynamic interface optimized for cross-platform compatibility. This project highlights expertise in advanced state management, real-time data synchronization, and user-centric functionality.

Face swapped web app

Developed a React application with an integrated face-swapping feature, leveraging the power of component-based architecture for dynamic and modular UI development. Enhanced user interactivity with real-time face detection, alignment, and swapping capabilities. Designed a responsive and intuitive interface using React's state management and lifecycle methods, ensuring seamless performance across devices. Demonstrated expertise in modern web development by effectively combining React's ecosystem with cutting-edge functionality.

Aithi -(App)

This app is designed to address the challenges faced by newcomers searching for residence in a new city, providing them with a seamless and stress-free housing solution.

EDUCATION

Bachelor's of Engineering and Technology, Amravati   -CGPA- 9.50
Information Technology

Master of Technology, CCOEW, Pune   -Pursuing
